BRADLEYCORP.COM

Long-Lasting, Reliable with Global Appeal

Bradley understands that the designed space must be efficient and cost-effective, but also create a unique and engaging experience. And it needs to last; think durable and timeless.

Bradley brings you nearly a century of commercial plumbing knowledge and innovation proven by successful projects as far reaching as Los Angeles and New York to Hong Kong and Dubai. State of the art tools, skilled journeymen, keen vision and utmost care shape every product you'll use.

THE ANSWER TO YOUR COMMERCIAL WASHROOM DESIGN CHALLENGES

Good design surrounds us and creates an environment that is not only visually appealing, but works on all levels of health, comfort, flexibility and ease of use. Good design takes into consideration the many ways that a space can influence the people using it – from Millennials to Boomers, from Interns to CEOs. Good design makes people feel good! And, good design is more important than ever and has moved the intersection of form and function beyond ordinary. Bradley's handwashing solutions are designed to meet at that intersection and give you design flexibility that surpasses expectations.

Built with superior craftsmanship for today's commercial restrooms, here are the products that will help you create a beautiful, long lasting restroom for your corporate interior space. Make Bradley's handcrafted handwashing fixtures and accessories a part of your next project.

WASHBAR™ TECHNOLOGY

OMNIDECK™ HANDWASHING SOLUTIONS

Beautiful customized basins to achieve your unique design aesthetic. You will find that OmniDecks delivers on all counts: customizable, prefabricated for ease of install and ADA-compliant for barrier-free accessibility. OmniDecks are completely seamless because they are molded, not fabricated. From office buildings and healthcare settings to hotels, restaurants and convention centers, OmniDecks provide the versatility you need. OmniDecks are designed and molded in the USA.

Terreon® solid surface and Terreon®RE recycled solid surface last a lifetime and can easily be repaired and renewed, thus minimizing the need for replacement or disposal. Terreon is a non-porous material which means that it will not support the growth of mold, mildew or bacteria, all substances that can adversely affect indoor air quality. Terreon is certified to meet the highest industry quality and performance standards for solid surface materials.

SMART NEVER LOOKED SO GOOD

Introducing the OmniDeck™ with exclusive WashBar® Technology

At left is the award winning all-in-one WashBar which is now available with Bradley's OmniDeck line bringing you more handwashing options than ever before. Incorporate a sink that makes sense into your design: a customizable, uncluttered handwashing fixture with complete clean+rinse+dry functionality.

ADA compliant. Flat bottom design maximizes basin capacity for multi-purpose use.

Model HS-TO1

Model HS-TR1

Model HS-TS1

CS-Series Undermount Basins

ADA compliant models available. Variety of depths for multi-purpose use.

 Model CS-1
3-1/2" (89 mm) depth

Model CS-2
5-1/2" (140 mm) depth

 Model CS-3
8" (203 mm) depth

Model CS-4
8" (203 mm) depth

Deck Sizes

Choose **custom lengths** to fit your space or standard deck lengths 30", 60", 90" or 120" (762 mm, 1524 mm, 2286 mm or 3048 mm). Choose **custom depths** to fit your space or standard deck depth 22" (559 mm).

Options

Add a coved backsplash, side aprons and front apron or go minimalist with just the deck. Add Bradley faucets and soap, or choose your own. Add a waste receptacle opening or trap enclosure. Endless possibilities.

Prefabricated for a
turnkey installation.

OmniDecks are available with many basin options to enhance the look of your restroom.

VERGE®

WASH BASINS

Verge wash basins are cast-formed in Evero®, a blend of natural quartz, granite, exotic and recycled materials, which is more durable than granite and maintenance free. Verge basins feature cast, one-piece construction with no visible or discolored seams and no unsightly caulk lines. These will perform well in high traffic, high vandal areas while adding style and sophistication to the restroom.

EVERO® NATURAL QUARTZ SURFACE

Evero is the first and only natural quartz material that can be cast into round and curved shapes giving you not only stunning design options to explore but a high performance product that is as beautiful as it is long lasting. Made with 25% pre-consumer recycled content and bio-based resin. The Pearl series is made with 70% recycled content.

WASHBAR™ TECHNOLOGY

Another breakthrough in all-in-one technology. Verge LVQ-Series with the new WashBar® – sleek, contemporary, uncluttered handwashing with complete clean + rinse + dry functionality. bradleycorp.com/washbar

WASHROOM ACCESSORIES

Bradley's stainless steel washroom accessories provide the clean look your restroom requires. Diplomat accessories' dual-curves come in an array of products that provide a unique, cohesive aesthetic. Bradley's standard accessories sleek, linear appearance are a popular choice because they complement any design.

Diplomat™ Models

Dual curve design

With over 50 models and many with higher capacity sizes, Diplomat Accessories offer design flexibility with a single aesthetic.

Standard Models

Simply classic

Hundreds of models available in recessed, semi-recessed, and surface-mounted styles.

Clockwise from left: Stainless steel with satin finish, Phenolic with wood-grain laminate, and Fusion granite.

TOILET PARTITION CUBICLES

Bradley's **Mills® Partition Cubicles** are available in materials sure to please the designer's eye for style – stainless steel, powder coated, phenolic with virtually any laminate surface and Fusion™ – an elegant blend of stainless steel and granite.
